

Horse Health Plan

The affordable plan to help
keep your horse healthy

Standard Plan from £12.00 per month

As a conscientious owner, we know your horse's healthcare is your top priority.

Our Horse Health Plan is the simple way to look after your horse's health whilst saving money. A healthy, happy horse needs lots of care and attention, including vaccinations, worm treatments, and regular check-ups.

By spreading the cost of essential treatments over 12 months, our Horse Health Plan makes caring for your horse more affordable.

Your horse gets their annual vaccination against potentially dangerous diseases, and protection against internal parasites.

To keep your horse in peak condition, we provide regular health checks with your vet, as early diagnosis of problems will help your horse to live a long, healthy life.

Our Horse Health Plan can help to ease the worry and financial strain of owning a horse.

Standard Plan - £12 per month
